TWO ARE INJURED BY AUTOMOBILES

Pedestrians Struck By Machines in Smelter City.

Two automobile accidents have occurred this week, in both of which the pedestrian was hit, one being run over and both being badly hurt. Monday night a man about forty years of age, who resides in Pirtleville, was crossing the road in front of the Star livery barn on G avenue, when one of the public machines came along at a pretty good rate of speed. They commenced dodging one another, but the old man being unable to get out of the way. The machine came on, knocked him down and ran across his body. As the wheels did not touch his chest no bones were broken, but he was seriously injured internally.

The next evening as Conductor Guyott was leaving the Queen hotel he was knocked down by a machine coming around the corner of the hotel like a flash. Mr. Guyott, said he thought he was knocked about twenty feet the way he felt. He is badly bruised about the body and his face is scratched and cut up.—International American.

HEBREWS CELEBRATE FEAST DAY OF PURIM

Period of Cheerfulness Observed in Smelter City.

The Jewish feast of Esther or Purim did not pass unobserved by the people of that faith in Douglas yesterday.

Apart from its historical character, Purim is chiefly and essentially a social merry making season, grounded upon the nature of a man, who, after the dreary winter is over, craves for the cheerfulness of a brighter and milder spring. The feast is thought to be older than the characters of Haman and Mordecai, than Yashit and Esther. And this is evident from the book itself (Esther 9:10), that the Purim feast is older than the story, which is assigned to it by an unknown author as its origin.

There seems to have been a Persian feast very similar to that of Purim, and occurring at this season of the year. Happiness beamed from every face. Everywhere there was good nature, mirth, frolic and sport and paying visits from house to house. "And to the Jews there was light and joy and gladness and honor."

Not was forgotten the other precept of the book of Esther: Sending presents to one another and distributing gifts to the needy. The rich remembered the poor and the sorrow still came to the aid of the poor and the indigent. Purim is not to be a mere carnival of merriment and festivity for the purpose of self to drown one's own sorrows and drive away dull care, but to relieve others less fortunate and to ameliorate their unhappy condition.

One month from yesterday the Jewish feast of Passover will be observed, beginning at sunset on April 16.—International American.

enter this country from Mexico near here will be given a hearing before Commissioner James on Friday. It was found necessary to have Inspector Parich of Benson come to act as interpreter as the Manchus speak a vastly different dialect from the other Chinese, although the written language is the same.

About a year ago a thousand of these Manchurians were brought over by Grant brothers for work on the extension of the Southern Pacific along the Yaqui river where it was difficult to obtain Mexican labor on account of the native fear of the Yaqui. The Chinese labor was found fairly satisfactory, much more so than the Russians who were brought in shortly before. The two who were arrested here are undoubtedly members of that party of laborers.—Douglas International-American.

MANY BURGLARIES IN CITY OF NOGALES

Two Additional Ones Reported to Police in One Night.

Nightly Occurrences.

NOGALES, March 19.—Two additional burglaries last night added to the already long list of thieving operations in Nogales and indicate that an organized gang of thieves is working here.

The places which were entered last night were the La Bonanza store and the residence of L. A. Miller, who is the editor of the Border VI-dette. A wagon load of goods was secured from the store, while clothing belonging to Mr. and Mrs. Miller was taken from their residence.

For the past two weeks burglaries here have been of nightly occurrence and thus far the thieves have managed to escape capture. They have been operating every night, but they work so smoothly that the officers have been unable to discover them.

On Monday night a robbery occurred at the Arizona hotel. One of the guests at this hotel was robbed of several valuable rings by a sneak thief who entered his room supposed by means of a skeleton key.

The theft of a wagon load of goods last night, however, would indicate that the burglars are beginning to work on a much more extensive scale.

Entrance to the La Bonanza store was secured through a rear window in the building.

This burglary has spurred the Nogales officers to renewed activity and they are hopeful of finding some traces of the missing articles and putting an end to the thieving.

TOSSED ON BULL'S HORNS

EL PASO, Tex., March 19.—Bernardino Hernandez was tossed upon the horns of a bull in the arena at Juarez Sunday afternoon by two of his enemies, and was seriously gored before members of the Cuadrilla rescued him. Tomas Montez and Domingo Flores, the two men who tossed Hernandez directly upon the points of the bull's horns, have been arrested and are held in the Juarez jail. The wounded man is under the care of the arena physician and will probably recover.

The bull ring was crowded with an unusually large audience which became very excited when Hernandez was thrown into the ring.
